Dear [REDACTED],

In response to your request, I am pleased to inform you that the oil contained in the two 69kv transformers serving the [REDACTED] Plant is a mineral based type of oil.

This oil has been tested and contains one part per million PCB rating.

I hope this is adequate information for your needs. If you have any further questions please call and we will help in any way we can.

Sincerely,

*Jim Tomanek*
